The protesters gathered at Magnolia Tabernacle Baptist Church, a black church that has been a prominent part of the African-American community in Ferguson, Mo., for more than 100 years. Wednesday morning, protesters made their way to the church and were met by an armored truck. While shots were fired, no one was hurt. The protesters arrived at the church at about 1:30 p.m., and according to a church spokesman, one man was arrested for throwing a rock. The Capitol City Pride protests were intended as a show of solidarity with the community. "I think it's a great idea," said protester Paul Spears. "I think it's a way to bring us all together." The protests and demonstrations were prompted after the Aug. 9 shooting death of Michael Brown, an unarmed black teenager who was shot multiple times by Ferguson police Officer Darren Wilson. Since that shooting, authorities have said Wilson acted in self-defense. Brown's mother, Lesley McSpadden, said the protests are in her child's honor. "We did not burn down the town," she said. "This is how it starts. This is how it ends. It's burn up our town." The demonstration also represents a show of solidarity with the community. The churches and the Rev. Al Sharpton, St. Louis County Prosecutor Bob McCullough and other community leaders all encourage protesters to leave the church and be at peace. The protesters gather near the armored truck outside the church before leaving for the night. 4:30 p.m. St. Louis County Police say a group of people gathered on a property on the street next to where Michael Brown was shot and killed. Police spokesman Brian Schellman says that the property is owned by a business in the Ferguson area. The protesters gathered near the armored truck outside

Muv-Luv Muv-Luv Alternative MX vs ATV All Out MX vs ATX Reflex MX vs. Captain America: Civil War Review On May 5, 2015, the MCU will give its first truly self-contained movie in Marvel's Cinematic Universe, Captain America: Civil War. It will

feature an Avengers team, led by Captain America, squaring off against Iron Man and his controversial team of supervillains. The first trailer for the film has leaked, revealing a completely new look at two sides of Civil War. Before we dive into Civil War, let's take a look at the film's predecessors. Captain America 3 Since Captain America: The First Avenger, there have been three solo Captain America movies. The first was Captain America: The Winter Soldier. While this film featured characters like Falcon and Black Widow, it focused on Captain America. In the film, Captain America and the Falcon take on HYDRA, a similar organization to the Nazi SS. America: The Winter Soldier and Civil War. Captain America: The Winter Soldier Following this film, the MCU gave us Captain America: Civil War. This film takes place during the events of The Winter Solider. In this film, the MCU went back in time, showing the battle between the team of superheroes, led by Captain America, and HYDRA. There were

some weak points in this film, but the action was worth it. Captain America: The Winter Soldier (left) and Captain America: Civil War (right) Spider-Man: Homecoming Lastly, we have Spider-Man: Homecoming. I feel like I've seen this film five times already and each time gets better. This is the first Spider-Man film that takes place after the events of The Winter Solider, so characters like Falcon and Black Widow exist. Some of the scenes that were cut from Civil War make their way into Homecoming. It may not be the only sequel that exists in the MCU. Captain America: Civil War will

feature an incredible cast. Chris Evans returns as Captain America, but with a drastically different look. It will also feature a crew of actors like Anthony Mackie, Sebastian Stan, Robert Downey Jr 3e33713323
